

OBSTETRICIAN/GYNECOLOGIST

Millennium Medical Centre is looking for a qualified Obstetrician/Gynecologist to join the MMC call group and clinic at 311 Balmoral Street in Winnipeg. Our clinic group consists of a dynamic group who are highly supportive of each other. We have a newly renovated clinic space located across from the University of Winnipeg campus in a diverse downtown neighbourhood. Each Obstetrician/Gynecologist has a dedicated assistant, the option to do colposcopy and a highly competitive monthly flat overhead rate.

Our clinic group forms part of the MMC call group, a group of 11 Obstetricians & Gynecologists who share obstetrical patient coverage and emergency gynecology patient coverage at Health Sciences Centre. Gynecologic surgical time will be limited to scramble slates and emergency surgery as part of community gynecology call.

Since the hospital is a teaching centre, the application process will be a dual application for appointment to the Department of Obstetrics, Gynecology and Reproductive Health Sciences with the expectation of involvement in clinical and didactic undergraduate and postgraduate teaching.

The applicant will support a work and learning environment that embraces the Max Rady College of Medicine's Equity, Diversity and inclusion policies.

Start date: Negotiable

Application Deadline: June 30, 2023

Please Send Cover Letter and CV to:

Dale Chaytor, Administrative Assistant to Dr. Vanessa Poliquin, Head, Department of Obstetrics, Gynecology & Reproductive Sciences: University of Manitoba
