

Assistant/Associate/Full Professor – Maternal-Fetal Medicine – Sinai Health– Clinician Investigator

The Department of Obstetrics and Gynaecology at the University of Toronto's Temerty Faculty of Medicine, along with the Department of Obstetrics and Gynaecology at Sinai Health, are seeking a full-time physician with subspecialty training in Maternal-Fetal Medicine (MFM) and a focus in Medical Disorders of Pregnancy. The successful candidate will hold an academic position description of clinician investigator and must be eligible for a full-time clinical academic appointment at the rank of assistant professor, associate professor, or professor at the University of Toronto. The anticipated start date is August 1st, 2022, or another mutually agreeable date.

Sinai Health is a leader in obstetrics and gynaecology, and neonatology, with one of the largest programs and services in Canada. It is a fully-affiliated teaching hospital with the University of Toronto and is associated with the Lunenfeld-Tanenbaum Research Institute, an institute of international recognition in which research in women's and infants' health forms a major component.

The Division of Maternal Fetal Medicine at Sinai Health provides care for the full range of Medical Disorders of Pregnancy, and services a metropolitan population of more than 6.5 million people. The Division actively collaborates with paediatric subspecialists at The Hospital for Sick Children via the newly established Ontario Fetal Centre. The Division has formal affiliations providing MFM services at Trillium Health Partners and Scarborough Health Network.

The Division seeks to appoint an individual with proven research skills as this position requires engagement in research related to Medical Disorders of Pregnancy, particularly as it relates to the candidate's chosen area of interest. This successful candidate will be provided with protected academic days to facilitate this work. The desirable qualities of the successful candidate would include an appropriate graduate degree and/or a strong and focused publication track record.

Candidates must either be licensed, or be eligible for an independent or a restricted academic licence, under the terms and conditions of the College of Physicians and Surgeons of Ontario.

Qualified applicants must either be board-certified (or eligible for certification) in the sub-specialty of MFM by the Royal College of Physicians and Surgeons of Canada (RCPSC), or have achieved an equivalent level of regulated sub-specialty training in MFM, in addition to the MD degree.

Compensation will be commensurate with qualifications and experience. The position will be placed in the Hospital Department Practice Plan with a minimum gross annual compensation of \$200,000.00 (estimated based on fee-for-service billings). Applications will be accepted until August 1st, 2022, or until the position is filled.

Suitably qualified candidates are requested to apply with a letter of interest and curriculum vitae **via email** to:

Dr. Cynthia Maxwell, Division Head, Maternal Fetal Medicine
