External Elective Residents are to arrange their elective directly with the appropriate program assistant/program director if the elective is to be located within the City of Winnipeg or the appropriate Regional Health Authority [RHA] if arranged outside the City of Winnipeg. The list of the Regional Health Authorities can be found at:

http://www.rham.mb.ca/rhaList.html

Once the elective has been confirmed, the Program Administrator will contact Gail Tomczuk in the PGME office email: gail.tomczuk@med.umanitoba.ca with the name, e-mail address, exact dates, and supervisor of the resident. Once this information is received, documentation is then forwarded to the resident for completion.

**Experience:** clinics, ward duties, US
General information:
-Elective residents may be required to do call
-Learning and operating priorities are given to UofO residents according to seniority – however, UofO residents are away on Wednesday afternoons (noon – 5pm) for academic half day, and you will likely be the only learner
-You are welcome to join for academic half day
-There are scheduled journal clubs – you are welcome to attend
-There is a francophone hospital, L'Hopital Montfort. There are 11 generalist ob/gyns. Gyne and OB experience is saturated with UofO residents – your surgical role in a gyne elective would consist largely of observation; you would be required to do call and cover floor issues. However, if you are looking for an ambulatory francophone experience, it is an excellent group to work with.
